You can certainly check more than one of the below, but we hope that every able-bodied member in the area will **check at least one of the below ways of helping**. Please return this to the church office by September 15. To make this easier for you, and to help you get this form back to the church more quickly, a stamp is already affixed for you.

All of Consistory and all five of our major standing committees are working together to provide leadership for this day. Your returning of this form will help them provide that leadership in a more efficient and organized way.

## Unable to Help (Even if you can't physically help, we could still use your prayers)

- Unfortunately, I am unable to help with this event on or before September 29; however, I will be helping by praying for those helping, those being helped, and for my church on that day.
